**Karndean**  
Designflooring

# Why Karndean?

Inspired by nature and designed for living, you'll find our floors are beautifully realistic and highly practical.

By offering a wide and impressive range of designs, finishes and formats, you can create a floor that's unique to your home and guaranteed to last for years to come.

## *Did you know?*

Any Karndean floor purchased through one of our retailers comes with a **transferable purchase warranty**.

So if you move home, the new owner will be covered for the remainder of the product's warranty period.

## Designflooring: Take a closer look

We find the inspiration for Designflooring in the beauty of the natural world and feel passionate about bringing this into every product we create. From the intricate grain details in real woods to the timeless tactile qualities of natural stones, we've used the latest technology to bring you floors that are the ultimate in style and give you exceptionally high performance and quality. What's more, we've already chosen the best colours, formats and design components for each of our ranges, meaning it's easy to create the perfect design floor for your home.

### Plank variation

We prefer our planks to reflect the variance and random character of natural materials.

So rather than looking uniform and manufactured, each has its own individual grain and appearance.

### Wear layer

With a protective wear layer on each individual plank and tile, our floors are designed to withstand the everyday hustle and bustle of home life.

Do you love the authentic, rustic look of traditional crafted wood planks? Or perhaps you prefer the distinctive texture and intricate patterns of quarried stone? Whatever it is you're after, you're sure to find a look that's just right for you in our wide range of stylish, high quality Karndean Designfloors.

### The right look for every room

We know that style is personal and every space is different. To help you find the right floor for your home, see what each of our ranges have to offer:

	Wood	Stone	
Art Select	✓		Lovingly created to reflect the natural materials that inspired them. These planks and stones give you timeless craftsmanship at your feet. Lifetime residential warranty
Da Vinci	✓	✓	Smooth slender planks and richly textured tiles. Bevelled edges create distinct definition. Lifetime residential warranty
Michelangelo		✓	Make a statement with mosaics, metallics or soft contoured pebbles. Unique and character-packed surfaces. Lifetime residential warranty
Van Gogh	✓		The character of real timber in a wide range of designs including distressed, reclaimed and limed woods. Lifetime residential warranty
Opus	✓	✓	Fresh and contemporary. Available in larger plank and tile sizes. Simple lines and sleek design combine to create a clean, modern look. Lifetime residential warranty
Knight Tile	✓	✓	Our widest range of planks and tiles at our most affordable prices ensures there's something for everyone. Lifetime residential warranty
Karndean LooseLay	✓	✓	Our latest innovation. Quick and easy to fit over most existing hard floors. Quieter than laminate. Lifetime residential warranty

All of our products are compatible with underfloor heating systems.

# Designflooring: Inspiration

How to create your perfect floor...

We have put together a quick guide to help you design your new floor. Your floor can be as simple or as intricate as you'd like. Follow the steps below to be on your way to creating a floor that's just as unique and individual as you are.

## 1 Choose a main colour and effect

We have an extensive range of colour tones in our **Inspired by Wood** and **Inspired by Stone** collections.

### Inspired by Wood:

Choose from our wide selection of planks, each featuring realistic grain and knot details and textures. We offer a varied range of styles ideal to suit any room in your home.

See **Wood ranges at a glance** on pages 124-125

### Inspired by Stone:

Choose from a palette of natural beiges and browns to cool blues and greens. With tiles including marble, slate, terracotta and ceramic effects plus our **Iconic** range of mosaics and pebbles.

See **Stone ranges at a glance** on pages 126-127

We offer a wide range of plank and tile sizes. To find out available sizes for your chosen product, please see the individual product pages.

	1219mm x 228mm (48" x 9")
	1219mm x 178mm (48" x 7")
	915mm x 152mm (36" x 6")
	915mm x 102mm (36" x 4")
	915mm x 76mm (36" x 3")
	228mm x 76mm (9" x 3")
	915mm x 76mm, 152mm, 229mm (36" x 3", 6", 9")

	457mm x 610mm (18" x 24")
	457mm x 457mm (18" x 18")
	305mm x 457mm (12" x 18")
	406mm x 406mm (16" x 16")
	305mm x 305mm (12" x 12")

## 2 Add a design strip

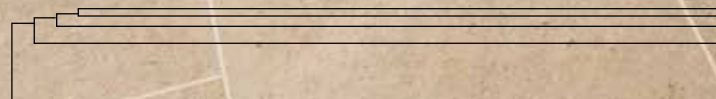

Once you have chosen your main floor colour, you have the option of adding a design strip...

### Inspired by Wood:

Add a strip between wood planks to create an attractive ship's decking effect.

### Inspired by Stone:

We highly recommend adding a narrow strip to a tile floor to create a natural grouting effect.

### Design and Metallic Strips

Available in four widths:  
3mm, 5mm, 10mm & 30mm  
A wide palette of colours.  
See pages 98-99

### Grout Strips

Available in two widths:  
3mm and 5mm  
Six colours.  
See page 99

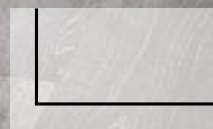

*Define your space and  
get creative with strips*

## 3 Add a border

To personalise your floor even further or to help define your space, why not add a border?

### Keyline Borders

Use single strips  
to define a space.  
See pages 98-99

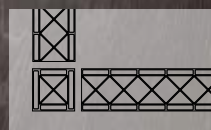

### Tramline Borders

Use a combination  
of strips to create  
more emphasis.  
See pages 98-99

### Decorative Borders

Choose from a range  
of patterned borders  
designed specifically  
to complement your  
chosen floor.  
See pages 100-105

## 4 Add a feature

With seven standard designs to choose from and the ability to design your own, a feature creates a focal point in your room. See pages 106-107

Art Select

# Art Select Woods

Inspired and inspiring; full of charm and character, our premium Art Select Wood collection brings the natural beauty of real timber to life in your home.

Through meticulous attention to detail and careful selection of some of the most beautiful and inspiring natural timbers, our Art Select Wood collection includes our most intricate designs and realistic embosses. Each plank is handcrafted to reflect the unique grains, knots and textures of natural wood, but unlike real wood, we're able to design a floor that's not only beautiful and realistic, but is also practical.

Everything that a beautiful wood floor should be, and so much more, each of our Art Select Woods tells its own story.

# Your guide to Design Strips...

To complete the look, add a design strip. These are placed between tiles to create a natural grouting effect or to enhance the design of your floor. Choose from a range of tones and textures, available in three widths - **3, 5 and 10mm**, unless otherwise specified. We have a wide range of design strips, but they only work with certain products. Your retailer will be able to help you select the right strip for your chosen floor.

## Compatible with...

Design strips available for use with Art Select, Da Vinci and Van Gogh floors.

Karndean  
LooseLay

# What makes Karndean LooseLay special?

Karndean LooseLay is a new format of luxury vinyl flooring featuring a friction grip backing that holds the product in place. No clicking. No locking. You don't even need glue in most installations.

Boasting the realistic designs and grain details customers expect from Karndean, LooseLay is available in large scale wood look planks and stone look tiles and can help you create a look that works in almost any space. What's more, it's easy to install and can be laid over most existing hard floors. Oh, and it's 100% recyclable!

## Where can Karndean LooseLay be used?

Kitchen  
Lounge  
Bathroom  
Bedroom

Basement/Cellar  
Loft conversion  
Rumpus  
Nursery

Hall  
Study  
Gym  
Conservatory

# Why Karndean LooseLay?

## Quick and easy to install

All you need is a sound, smooth and dust free subfloor and you're ready to go. It's great because it can be fitted over most existing floors.

## Low maintenance

All Karndean floors are simple to care for. All it needs is a quick sweep and run over with a mop, warm water and Karndean Clean.

## Warmer underfoot

Our products are softer and warmer underfoot than natural wood and stone flooring. For extra warmth, Karndean is easily used with underfloor heating systems.

## Quieter than click or laminate flooring

Our innovative backing helps absorb sound, making Karndean LooseLay perfect where you want to reduce noise levels such as playrooms, bedrooms and loft conversions.

## Durable

With a Limited Lifetime Warranty\* you can rest assured your floor will last for years to come. Unlike real wood and stone, it won't splinter, warp or crack.

\*Subject to terms, for more information visit: [www.karndean.com](http://www.karndean.com)

## Easy to repair

Should you need to replace a piece, simply lift the plank or tile in question and drop in a new one.

## 100% recyclable

Like the name suggests, you don't need adhesive\*\*, meaning Karndean LooseLay is 100% recyclable. Why not move it into another room in the house for a change of scenery!

\*\* Adhesive may be required for some applications, please refer to installation instructions

# Cleaning and maintaining your Karndean floor

Karndean Designflooring is hardwearing and easy to look after. Our enhanced surface treatment helps protect against everyday wear, spills and scuffs. This makes it easier and more environmentally friendly to clean and maintain, giving you peace of mind that your Karndean floor will look great for years to come.

We have a dedicated section on the website with videos which explain how best to look after your Karndean floor and covers lots of frequently asked questions from our customers.

We also have our own Floor Care Kits that you can order from your local retailers including everything you need for a simple cleaning routine.

## Inside your Floor Care Kit

Regular cleaning with a pH neutral cleaner such as **Karndean Clean** will help keep your floor at its best.

After time you may want to treat your floor to some extra care. We recommend every six to twelve months, depending on wear, that you strip and refresh your floor using **Karndean Remove** and **Karndean Refresh**, to further enhance its look and durability.

- 1 Karndean Clean 750ml
- 2 Karndean Remove 750ml
- 3 Karndean Refresh 750ml
- 4 Floor Protector Pack
- 5 Refresh Pad (soft/white)
- 6 Remove Pad (coarse/white)
- 7 Applicator
- 8 Floor Care Guide

### Colour & Pattern Reproduction

We are careful to make sure our brochures are accurate and printed to very high standards, but photography and printing cannot always create a perfect representation of our products. For this reason we strongly recommend that you look at a sample of any product you are considering before placing your order.

All of our products are inspired by things we have seen in the natural world and just like variation in colour and detail is part of the beauty of nature, it is also a feature of some of our designs. This means that with some of our products you will see natural variation when your floor is laid. If in doubt, ask your retailer to show you a larger sample of the product.

We love developing new ideas and improving our existing designs. Part of our policy of continuous improvement means that we may add, change or withdraw products from our ranges. We hate to disappoint and will always try to work with you to find an alternative design that you love so much.

**Karndean Designflooring** owns all their designs and are protected by copyright.

# Things to think about...

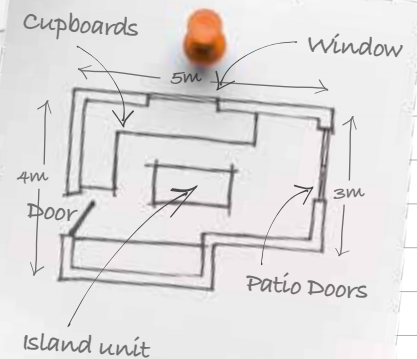

Our expert staff are here to help you design your floor. Pop in to see your local retailer or visit our Melbourne showroom, where you can see over 500m<sup>2</sup> of Karndean Designflooring!

## Helpful hints and tips to help you choose your Karndean floor.

1. Which room in your home do you need flooring for?
2. What style suits your home - classic, contemporary, traditional?
3. Choose your effect - Wood and Stone?
4. What colours will suit your space?  
Circle the ones you like on the 'at a glance' pages 124-128. Use pictures, cuttings or swatches of colours and designs you like to help you choose.
5. Have you thought about finishing touches? For decorative borders or strips, see pages 98-107.

## useful notes

Draw a sketch of the shape of your room with rough measurements to take to your retailer. They will visit your home as part of the service, to take accurate measurements and give expert advice.

# Enviromental Responsibility

## Enviromental Responsibility

Here at Karndean, we find our inspiration in the beauty of the natural world and feel passionate about bringing this into every product we create, and in order to keep our environment protected we do everything we can to continuously improve our manufacturing processes to ensure sustainability and best value. We've always aimed to make stylish and practical floorcoverings with the lowest possible impact on the environment, and have never had to compromise on quality or performance in order to do so.

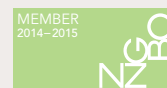

All of our products are manufactured in factories certified to ISO 14001 Environmental Management and ISO 9001 Quality Management international standards. Our approach is based on the use of recycled materials in our products and ensuring that the finished product is also 100% recyclable. Every bit of our manufacturing waste is recycled in a closed-loop process. In fact, when our own factories do not have enough waste to use, we buy in waste from other factories. The manufacturing polymer used in our products also requires significantly less energy than other plastics.

## GreenStar GreenTag™ Certified

For additional peace of mind, our designflooring products are fully certified to Global GreenTag, which means that virtually all of our tiles and planks have been independently assessed and certified to contribute EcoPOINTS towards GreenStar building projects.

Assessment is based on a life cycle approach and ensures compliance with low omitting volatile organic compounds (VOC) and indoor environmental air quality.

For more information or to download a copy of our GreenTag certificates, simply visit [www.globalgreentag.com](http://www.globalgreentag.com)
